KERNVEX
PRECISION CUTTING TOOLS

PRODUCT RANGE GUIDE

Precision cutting tools

End mills / Holemaking / Special tools

Toolholders / Turning inserts

66 product listings | kernvextools.com

KERNVEX
PRECISION CUTTING TOOLS

Find the right product family.

Holemaking	**7**
End mills	**31**
Special tools	**17**
Toolholders	**5**
Turning inserts	**6**

Use this guide to identify a product family. Each KVX reference is a range reference, not a complete order code. Scan or open the mobile catalogue for the published technical data, then confirm the required dimensions and configuration before ordering.

Mobile catalogue: kernvextools.com/catalogue.html

HOLEMAKING

External-Coolant Two-Flute Carbide Drills

RANGE REFERENCE KVX-001

WORKPIECE MATERIAL	Soft steel; Hardened and tempered steel; Tempering stainless steel; Cast iron; Bearing steel; Deep hole working
APPLICATION TYPE	Drilling
COATING	Self development comparable to DR coating

Technical data and enquiries

https://kernvextools.com/products/kvx-001.html

HOLEMAKING

Solid Carbide Deep Hole Drill Bits

RANGE REFERENCE KVX-002

WORKPIECE MATERIAL	Soft steel; Hardened and tempered steel; Tempering stainless steel; Cast iron; Bearing steel; Deep hole working
APPLICATION TYPE	Drilling
COATING	Self development comparable to DR coating

Technical data and enquiries

https://kernvextools.com/products/kvx-002.html

HOLEMAKING

Solid Carbide Drills for Aluminium

RANGE REFERENCE KVX-003

MATERIAL	Solid carbide
PROCESS	Fully Gorund (Roll Forged & Polished, Roll Forged, Milled are Available)
SIZE	Standard size or as request

Technical data and enquiries

https://kernvextools.com/products/kvx-003.html

HOLEMAKING

DLC coated Carbide drills

RANGE REFERENCE KVX-004

WORKPIECE MATERIAL	Soft steel; Hardened and tempered steel; Tempering stainless steel; Cast iron; Bearing steel; Deep hole working
APPLICATION TYPE	Hole Making
COATING	diamon-like-carbon coating

Technical data and enquiries

https://kernvextools.com/products/kvx-004.html

HOLEMAKING

Internal-Coolant Two-Flute Carbide Drills

RANGE REFERENCE KVX-005

WORKPIECE MATERIAL	Soft steel; Hardened and tempered steel; Tempering stainless steel; Cast iron; Bearing steel; Deep hole working
APPLICATION TYPE	Drilling
COATING	Self development comparable to DR coating

Technical data and enquiries

https://kernvextools.com/products/kvx-005.html

KERNVEX
PRECISION CUTTING TOOLS

END MILLS

CBN Corner Radius End Mill for HRC60+ Hardened Steel Finishing

RANGE REFERENCE KVX-006

WORKPIECE MATERIAL	Hardened steel
APPLICATION TYPE	Finishing; medium
FLUTE TYPE	corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-006.html

KERNVEX
PRECISION CUTTING TOOLS

END MILLS

CBN Square End Mill for HRC60+ Hardened Steel Finishing

RANGE REFERENCE KVX-007

WORKPIECE MATERIAL	Hardened steel
APPLICATION TYPE	Finishing; medium
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-007.html

END MILLS

CBN Ball Nose End Mill for HRC60+ Hardened Steel Finishing

RANGE REFERENCE KVX-008

WORKPIECE MATERIAL	Hardened steel
APPLICATION TYPE	Finishing; medium
FLUTE TYPE	Ballnose

Technical data and enquiries

https://kernvextools.com/products/kvx-008.html

HOLEMAKING

Carbide Boring Tools

RANGE REFERENCE KVX-009

MATERIAL	Solid carbide
COATING	TiAlN / DLC / AlTiN / Custom
DIAMETER RANGE	5 mm - 50 mm

Technical data and enquiries

https://kernvextools.com/products/kvx-009.html

END MILLS

Ball Nose End Mill for Aluminum Machining | AEX Series

RANGE REFERENCE KVX-010

WORKPIECE MATERIAL	Aluminum; Copper alloy; Magnesium alloy; Aluminium-silicon alloy
APPLICATION TYPE	Roughing
FLUTE TYPE	Ball Nose End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-010.html

END MILLS

Single Flute End Mill for Aluminum Machining | AEX Series

RANGE REFERENCE KVX-011

WORKPIECE MATERIAL	Aluminum; Aluminium-silicon alloy; Copper alloy; Magnesium alloy
APPLICATION TYPE	Roughing
FLUTE TYPE	Single End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-011.html

END MILLS

Corner Radius End Mill for Aluminum Shoulder Milling | AEX Series

RANGE REFERENCE KVX-012

WORKPIECE MATERIAL	Aluminum; Aluminium-silicon alloy; Copper alloy; Magnesium alloy
APPLICATION TYPE	Roughing
FLUTE TYPE	Corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-012.html

END MILLS

Square End Mill for Aluminum Machining | AEX Series

RANGE REFERENCE KVX-013

WORKPIECE MATERIAL	Aluminum; Aluminium-silicon alloy; Copper alloy; Magnesium alloy
APPLICATION TYPE	Roughing
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-013.html

END MILLS

High Polished End Mill for Aluminum Finishing | AEX Series

RANGE REFERENCE KVX-014

WORKPIECE MATERIAL	Aluminium; Magnesium alloy; Copper alloy; Aluminium-silicon alloy
APPLICATION TYPE	Finishing
FLUTE TYPE	Ballnose; Square; corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-014.html

END MILLS

HEX Square End Mill for Hardened Steel HRC60-68

RANGE REFERENCE KVX-015

WORKPIECE MATERIAL	Hardened Steel
APPLICATION TYPE	Semi-Finishing; Finishing
FLUTE TYPE	Square End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-015.html

END MILLS

HEX Ball Nose End Mill for Hardened Steel HRC60-68

RANGE REFERENCE KVX-016

WORKPIECE MATERIAL	Hardened Steel
APPLICATION TYPE	Semi-Finishing; Finishing
FLUTE TYPE	Ball Nose End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-016.html

END MILLS

HEX Corner Radius End Mill for Hardened Steel HRC60-68

RANGE REFERENCE KVX-017

WORKPIECE MATERIAL	Hardened Steel
APPLICATION TYPE	Semi-Finishing; Finishing
FLUTE TYPE	Corner Radius End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-017.html

END MILLS

UEX 4 Flutes Carbide Square End Mill for Mold Steel up to HRC60

RANGE REFERENCE KVX-018

WORKPIECE MATERIAL	Mold Steel
APPLICATION TYPE	Finishing; Semi-Finishing
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-018.html

END MILLS

UEX 2 Flutes Ball Nose End Mill For Mold Steel Up To HRC60

RANGE REFERENCE KVX-019

WORKPIECE MATERIAL	Mold Steel
APPLICATION TYPE	Finishing; Semi-Finishing
FLUTE TYPE	Ballnose

Technical data and enquiries

https://kernvextools.com/products/kvx-019.html

END MILLS

UEX 4 Flutes Corner Radius End Mill for Mold Steel up to HRC60

RANGE REFERENCE KVX-020

WORKPIECE MATERIAL	Mold Steel
APPLICATION TYPE	Finishing; Semi-Finishing
FLUTE TYPE	Corner Radius

Technical data and enquiries

https://kernvextools.com/products/kvx-020.html

END MILLS

TEX Square End Mill for Stainless Steel

RANGE REFERENCE KVX-021

WORKPIECE MATERIAL	stainless steel
APPLICATION TYPE	Dynamic Milling; Roughing
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-021.html

END MILLS

TEX Corner Radius End Mill for Stainless Steel

RANGE REFERENCE KVX-022

WORKPIECE MATERIAL	stainless steel
APPLICATION TYPE	Dynamic Milling; Semi-Finishing; Roughing
FLUTE TYPE	Corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-022.html

END MILLS

TEX Ball Nose End Mill For Stainless Steel

RANGE REFERENCE KVX-023

WORKPIECE MATERIAL	stainless steel
APPLICATION TYPE	Dynamic Milling; Roughing
FLUTE TYPE	Ball Nose

Technical data and enquiries

https://kernvextools.com/products/kvx-023.html

END MILLS

DEX Ball Nose End Mill For Titanium Alloy

RANGE REFERENCE KVX-024

WORKPIECE MATERIAL	Steel; Stainless Steel; Cast Iron; Nonferrous materials; Titanium alloy
APPLICATION TYPE	Roughing; Dynamic Milling
FLUTE TYPE	Ball Nose

Technical data and enquiries

https://kernvextools.com/products/kvx-024.html

END MILLS

DEX Flat End Mill for Titanium Alloy

RANGE REFERENCE KVX-025

WORKPIECE MATERIAL	Steel; Stainless Steel; Cast Iron; Nonferrous materials; Titanium alloy
APPLICATION TYPE	Roughing; Dynamic Milling
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-025.html

END MILLS

DEX Corner Radius Milling Cutter For Titanium Alloy

RANGE REFERENCE KVX-026

WORKPIECE MATERIAL	Steel; Stainless Steel; Cast Iron; Nonferrous materials; Titanium alloy
APPLICATION TYPE	Roughing; Dynamic Milling
FLUTE TYPE	Corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-026.html

END MILLS

Corner Radius End Mill for Steel Machining up to HRC55 | PEX Series

RANGE REFERENCE KVX-027

WORKPIECE MATERIAL	Steel; Cast iron
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Corner Radius

Technical data and enquiries

https://kernvextools.com/products/kvx-027.html

KERNVEX
PRECISION CUTTING TOOLS

END MILLS

Graphite Square End Mill for Finishing and Slotting | MEX Series

RANGE REFERENCE KVX-028

WORKPIECE MATERIAL	Graphite mould; Titanium fiber mold; Ceramic; Engineering plastics; Modeling Material; Optical glass; False tooth; Fiberglass; Aluminium oxide; Zirconium oxide
APPLICATION TYPE	Finishing; Semi-Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-028.html

END MILLS

PCD Spiral Milling Cutter

RANGE REFERENCE KVX-029

WORKPIECE MATERIAL	Nonferrous materials; Nonmetallic materials; Composite materials
APPLICATION TYPE	Semi-Finishing; Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-029.html

HOLEMAKING

Solid Carbide Reamer for Precision Internal Hole Machining

RANGE REFERENCE KVX-030

MATERIAL	Solid carbide
COATING	AlTiN / TiSiN / DLC / Custom
TOLERANCE	±0.002 mm - ±0.005 mm

Technical data and enquiries

https://kernvextools.com/products/kvx-030.html

END MILLS

Graphite Corner Radius End Mill for Finishing | MEX Series

RANGE REFERENCE KVX-031

WORKPIECE MATERIAL	Graphite mould; Titanium fiber mold; Ceramic; Engineering plastics; Modeling Material; Optical glass; False tooth; Fiberglass; Aluminium oxide; Zirconium oxide
APPLICATION TYPE	Finishing; Semi-Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-031.html

END MILLS

Graphite Ball Nose End Mill for 3D Finishing | MEX Series

RANGE REFERENCE KVX-032

WORKPIECE MATERIAL	Graphite mould; Titanium fiber mold; Ceramic; Engineering plastics; Modeling Material; Optical glass; False tooth; Fiberglass; Aluminium oxide; Zirconium oxide
APPLICATION TYPE	Finishing; Semi-Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-032.html

SPECIAL TOOLS

Carbide T-Slot Milling Cutter

RANGE REFERENCE KVX-033

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Square End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-033.html

SPECIAL TOOLS

Carbide Compression End Mill

RANGE REFERENCE KVX-034

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
COATING	Aluminum Titanium Nitride Coating; High Silicon Mixed Nano Coating

Technical data and enquiries

https://kernvextools.com/products/kvx-034.html

SPECIAL TOOLS

Solid Carbide Micro Corner Radius End Mill

RANGE REFERENCE KVX-035

WORKPIECE MATERIAL	Steel & Mold Steel; Stainless Steel; Aluminum & Copper Alloy; Graphite & Abrasive Materials
APPLICATION TYPE	Precision Finishing; Micro Shoulder Milling; Side Wall Machining; Small Pocket Milling; Precision Profile Machining; Precision Profile Machining

Technical data and enquiries

https://kernvextools.com/products/kvx-035.html

SPECIAL TOOLS

Solid Carbide Micro Ball Nose End Mill

RANGE REFERENCE KVX-036

WORKPIECE MATERIAL	Steel & Mold Steel; Stainless Steel; Aluminum & Copper Alloy; Graphite & Abrasive Materials
APPLICATION TYPE	Precision Finishing; Micro Cavity Milling; 3D Contour Machining; Mold Profile Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-036.html

SPECIAL TOOLS

Solid Carbide Micro Flat End Mill

RANGE REFERENCE KVX-037

WORKPIECE MATERIAL	steel; cast iron
APPLICATION TYPE	Finishing; Semi-Finishing; Micro Slotting; Precision Milling
COATING	AlTiN Nano Composite Coating; Non-coating

Technical data and enquiries

https://kernvextools.com/products/kvx-037.html

SPECIAL TOOLS

Roughing Square End Mills

RANGE REFERENCE KVX-038

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Square End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-038.html

SPECIAL TOOLS

Internal R Milling Cutter for Precision Corner Radius Machining

RANGE REFERENCE KVX-039

MATERIAL	Solid carbide
COATING	AlTiN / TiSiN / Custom
FLUTES	2F / 4F

Technical data and enquiries

https://kernvextools.com/products/kvx-039.html

SPECIAL TOOLS

Solid Carbide Chamfer End Mill

RANGE REFERENCE KVX-040

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Square End Mill

Technical data and enquiries

https://kernvextools.com/products/kvx-040.html

SPECIAL TOOLS

Solid Carbide Long Neck Corner Radius End Mill for Deep Groove Machining

RANGE REFERENCE KVX-041

WORKPIECE MATERIAL	Steel; stainless steel; Aluminum & Copper Alloy; Graphite; Hardened steel; Mold Steel; Titanium Alloy
APPLICATION TYPE	Side Milling; Shoulder Milling; Pocketing; Semi-Finishing; Finishing; Light Slotting; Profile Milling

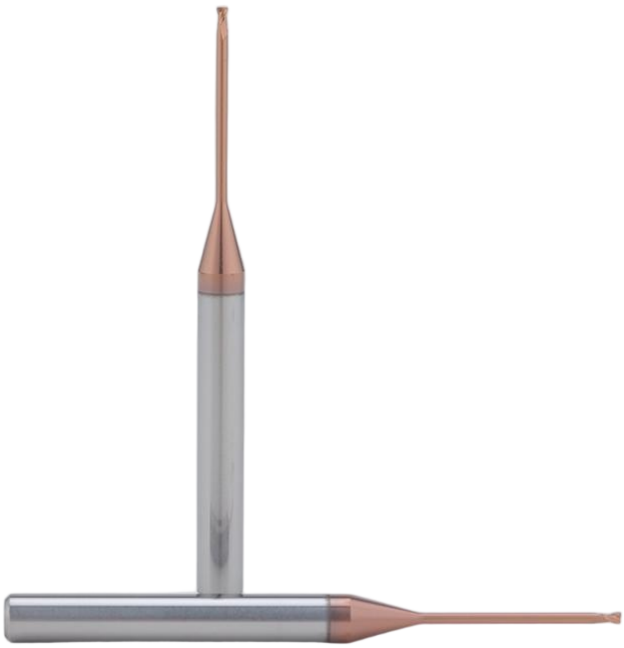

Technical data and enquiries

https://kernvextools.com/products/kvx-041.html

SPECIAL TOOLS

Solid Carbide Long Neck Square End Mill for Deep Groove Machining

RANGE REFERENCE KVX-042

WORKPIECE MATERIAL	Steel; stainless steel; Aluminum Alloy; Graphite; Hardened steel; Mold Steel; Titanium Alloy
APPLICATION TYPE	Slotting; Semi-Finishing; Finishing; Side Milling; Pocketing
COATING	AlTiN; TiSiN; DLC; Diamond Coating; Uncoated; Custom Coating

Technical data and enquiries

https://kernvextools.com/products/kvx-042.html

SPECIAL TOOLS

Solid Carbide Long Neck Ball Nose End Mill for Deep Cavity Machining

RANGE REFERENCE KVX-043

WORKPIECE MATERIAL	Steel & Mold Steel; stainless steel; Aluminum & Copper Alloy; Graphite & Abrasive Materials; Hardened steel
APPLICATION TYPE	Deep Cavity Machining; 3D Contour Machining; Mold Profile Finishing; Semi-Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-043.html

SPECIAL TOOLS

Solid Carbide Thread Mills

RANGE REFERENCE KVX-044

WORKPIECE MATERIAL	Steel; Stainless steel; Cast iron; High temperature titanium alloy; Hardened steel
APPLICATION TYPE	Finishing; Semi-Finishing; Medium; Roughing

Technical data and enquiries

https://kernvextools.com/products/kvx-044.html

SPECIAL TOOLS

Solid Carbide Dovetail Milling Cutter

RANGE REFERENCE KVX-045

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
COATING	Aluminum Titanium Nitride Coating; High Silicon Mixed Nano Coating

Technical data and enquiries

https://kernvextools.com/products/kvx-045.html

SPECIAL TOOLS

Tapered Ball Nose End Mill for Precision 3D Machining

RANGE REFERENCE KVX-046

WORKPIECE MATERIAL	steel; stainless steel; cast iron; high temperature titanium alloy; Hardened steel
APPLICATION TYPE	Finishing; Semi-Finishing; medium; Roughing

Technical data and enquiries

https://kernvextools.com/products/kvx-046.html

SPECIAL TOOLS

Dental Milling Cutters

RANGE REFERENCE KVX-047

MATERIAL	Solid Carbide
COATING	DLC / AlTiN / Custom
DIAMETER RANGE	0.5 mm - 6 mm

Technical data and enquiries

https://kernvextools.com/products/kvx-047.html

SPECIAL TOOLS

Solid Carbide Lollipop End Mill

RANGE REFERENCE KVX-048

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials
APPLICATION TYPE	Semi-Finishing; Roughing
COATING	Aluminum Titanium Nitride Coating; High Silicon Mixed Nano Coating

Technical data and enquiries

https://kernvextools.com/products/kvx-048.html

SPECIAL TOOLS

Ceramic End Mills for Carbon Fiber and Glass Fiber Machining

RANGE REFERENCE KVX-049

WORKPIECE MATERIAL	Steel; stainless steel; Cast Iron
APPLICATION TYPE	Semi-Finishing; Roughing; High-Speed Finishing; Precision Finishing
FLUTE TYPE	Ballnose; Square; Corner radius

Technical data and enquiries

https://kernvextools.com/products/kvx-049.html

END MILLS

PCD Diamond Single Flute Ball Nose Milling Cutter

RANGE REFERENCE KVX-050

WORKPIECE MATERIAL	Nonferrous materials; Nonmetallic materials; Composite materials
APPLICATION TYPE	Semi-Finishing; medium
FLUTE TYPE	ball nose

Technical data and enquiries

https://kernvextools.com/products/kvx-050.html

END MILLS

PCD Diamond Straight Flute Milling Cutter Single Flute

RANGE REFERENCE KVX-051

WORKPIECE MATERIAL	Nonferrous materials; Nonmetallic materials; Composite materials
APPLICATION TYPE	Semi-Finishing; medium
FLUTE TYPE	ball nose

Technical data and enquiries

https://kernvextools.com/products/kvx-051.html

END MILLS

PCD Single Flute Diamond End Mill Precision Tool

RANGE REFERENCE KVX-052

WORKPIECE MATERIAL	Nonferrous materials; Nonmetallic materials; Composite materials
APPLICATION TYPE	Semi-Finishing; medium
FLUTE TYPE	ball nose; corner radius; square

Technical data and enquiries

https://kernvextools.com/products/kvx-052.html

END MILLS

PCD Ball Nose End Mills

RANGE REFERENCE KVX-053

WORKPIECE MATERIAL	Nonferrous materials; Nonmetallic materials; Composite materials
APPLICATION TYPE	Semi-Finishing; Finishing

Technical data and enquiries

https://kernvextools.com/products/kvx-053.html

KERNVEX
PRECISION CUTTING TOOLS

END MILLS

Square End Mill for Carbon Steel Machining up to HRC55 | PEX Series

RANGE REFERENCE KVX-054

WORKPIECE MATERIAL	Steel
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Square

Technical data and enquiries

https://kernvextools.com/products/kvx-054.html

END MILLS

Ball Nose End Mill for Steel Machining up to HRC55 | PEX Series

RANGE REFERENCE KVX-055

WORKPIECE MATERIAL	Steel; Cast iron
APPLICATION TYPE	Semi-Finishing; Roughing
FLUTE TYPE	Ballnose

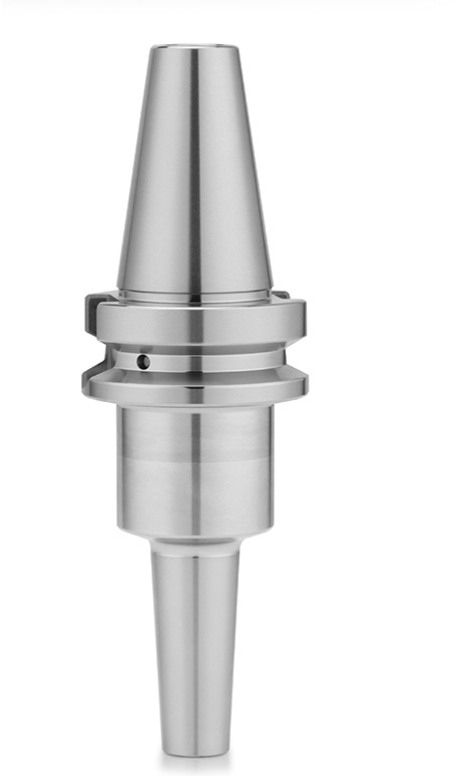

Technical data and enquiries

https://kernvextools.com/products/kvx-055.html

TOOLHOLDERS

HSK Shrink Tool Holder

RANGE REFERENCE KVX-056

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

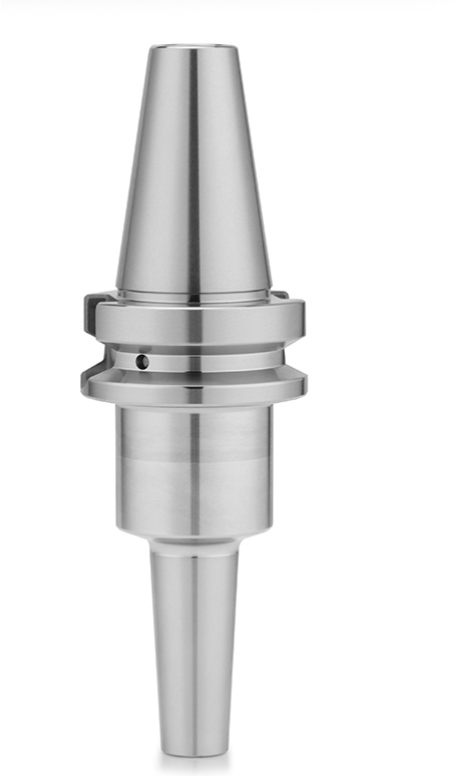

Technical data and enquiries

https://kernvextools.com/products/kvx-056.html

TOOLHOLDERS

BT Shrink Tool Holder

RANGE REFERENCE KVX-057

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

Technical data and enquiries

https://kernvextools.com/products/kvx-057.html

TOOLHOLDERS

HSK63A-HCM20-90 Hydraulic Tool Holder

RANGE REFERENCE KVX-058

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

Technical data and enquiries

https://kernvextools.com/products/kvx-058.html

TOOLHOLDERS

HSK63A-MLC25 32 42 Power Tool Holder

RANGE REFERENCE KVX-059

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

Technical data and enquiries

https://kernvextools.com/products/kvx-059.html

TOOLHOLDERS

BT40-C32 C20 C25 C32 Power Tool Holder

RANGE REFERENCE KVX-060

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

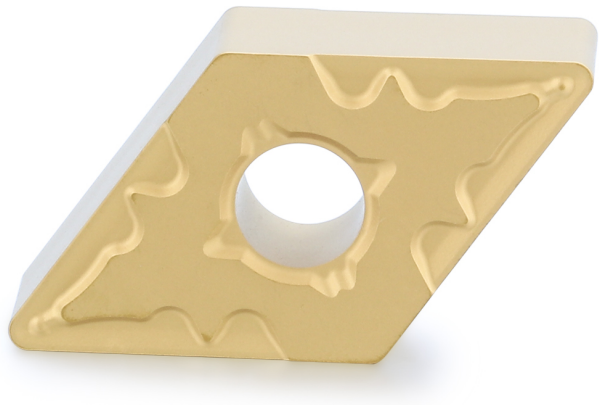

Technical data and enquiries

https://kernvextools.com/products/kvx-060.html

TURNING INSERTS

DNMG1604-TM-DH1120 Carbide Turning Inserts

RANGE REFERENCE KVX-061

WORKPIECE MATERIAL	steel
APPLICATION TYPE	Semi-Finishing
CHIPBREAKER	TF (P-finishing)

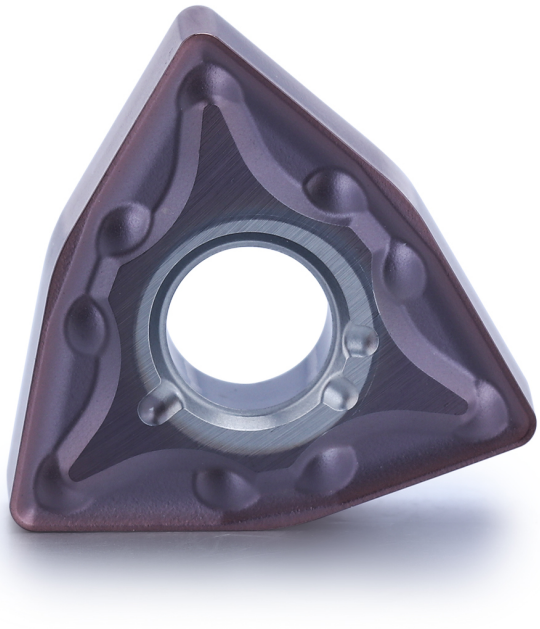

Technical data and enquiries

https://kernvextools.com/products/kvx-061.html

TURNING INSERTS

WNMG080408-DMA-DH1210 Carbide Turning Inserts

RANGE REFERENCE KVX-062

WORKPIECE MATERIAL	steel
APPLICATION TYPE	Semi-Finishing
CHIPBREAKER	TF (P-finishing)

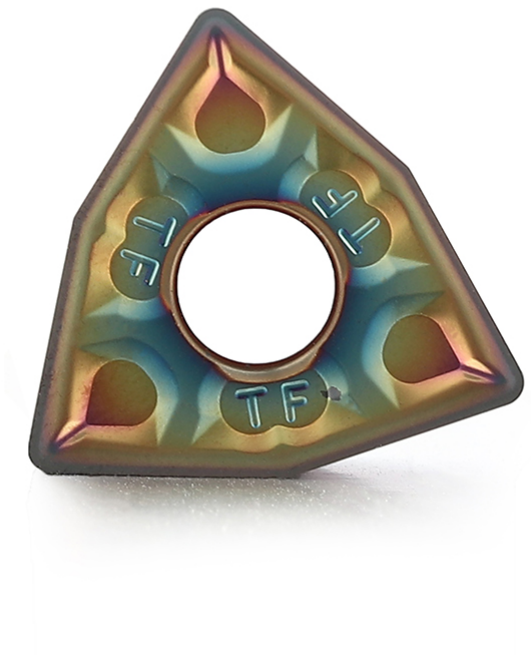

Technical data and enquiries

https://kernvextools.com/products/kvx-062.html

TURNING INSERTS

WNMG080408-DTF-DH5100 Hard Turning Inserts

RANGE REFERENCE KVX-063

WORKPIECE MATERIAL	steel
APPLICATION TYPE	Finishing
CHIPBREAKER	TF (P-finishing)

Technical data and enquiries

https://kernvextools.com/products/kvx-063.html

TURNING INSERTS

CNMG120404 F Turning Inserts for Cast Iron

RANGE REFERENCE KVX-064

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

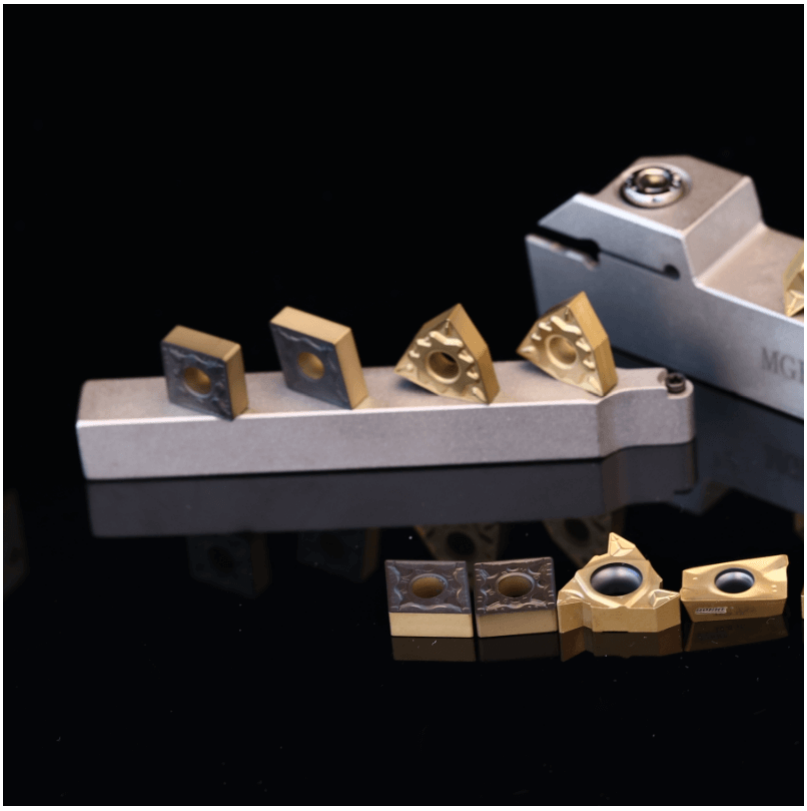

Technical data and enquiries

https://kernvextools.com/products/kvx-064.html

TURNING INSERTS

Positive Turning Inserts

RANGE REFERENCE KVX-065

Application-specific tooling. Confirm the working dimensions, material and configuration against your component drawing.

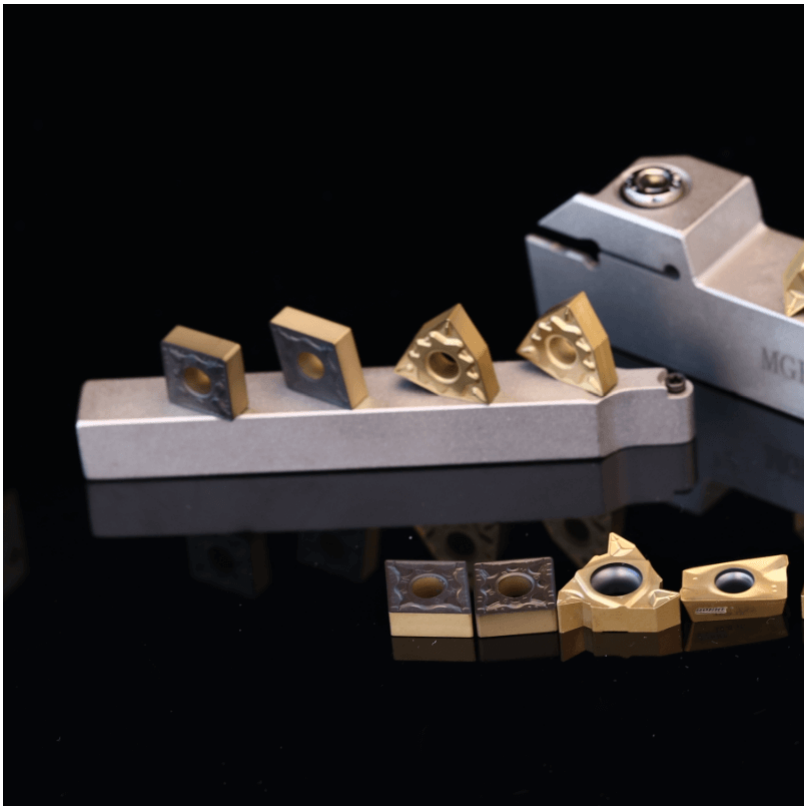

Technical data and enquiries

https://kernvextools.com/products/kvx-065.html

TURNING INSERTS

Negative Turning Inserts

RANGE REFERENCE KVX-066

WORKPIECE MATERIAL	steel; stainless steel; cast iron; Nonferrous materials; high temperature titanium alloy; Hardened steel
APPLICATION TYPE	Finishing; Semi-Finishing; medium; Roughing

Technical data and enquiries

https://kernvextools.com/products/kvx-066.html
